The group decided that a walking musician was the way to go. Kids are too busy for stage acts and people love the interaction. Krie suggested another option is using a DJ or sound system that played kids music and kids could dance on the stage during the event. Holland and Krie shared some possible groups that might be willing to assist in Fall Fest. Anderson shared the possibility of reaching out to the Fire Department and Police to see if they would be interested in attending Fall Fest. It was brought up to either get rid of the inflatable activity or have better supervision to limit any accidents. Krie suggested that he could bring to the next meeting some activities the board could consider. Sheppard and Holland shared ideas on getting more volunteers for the event. Holland also suggestion using the school to distribute the event poster. Sheppard felt that last year was the best year yet and hoping that the event continues to grow. The board tabled it for Krie to follow up on the different shared ideas and discuss results.

  - e. Sheppard: Was asked by a person to have Keystone Park open during the winter for snowshoeing.
  - f. Kohlgraf: Getting spring equipment ready. Slowly opening parks up as snow melts and checking everything. Doing monthly checks on parks. Skate Park open this week. Basketball courts and tennis/pickleball court are open. Trying some different options for the surface entry of the dog park to make more stable and less messy. Bike trails working on east side of highway to clean off. Park Board may want to look at play equipment in Library Park for replacement or update equipment in the future. Hear any concerns on anything to let Kohlgraf or Krie know.
  - g. Krie: Hiring is going good for the MAC. City of Mora was granted a grant from ECRAC for Mora's Music in the Park. Krie asked for volunteers to give a speech and hand out survey. Submitted a grant to the DNR for a proposed park in Forest development.
