I have paid the key deposit of \$50.00 and received the key for the WATER HYDRANT at the MORA CITY GARAGE to purchase water. I agree to keep track of the water that I take and pay Mora Municipal Utilities the current unmetered Bulk Water rate per 1,000 gallons of water, plus tax. I understand I will pay a minimum of the current unmetered Bulk Water rate per 1,000, plus tax, for amounts of water taken less than 1,000 gallons.

I will return the key on the date indicated below, and if not returned to City Hall within thirty (30) days after the return date, I understand that my \$50.00 key deposit will be retained by Mora Municipal Utilities to replace the lost key and the lock on the hydrant.

Key deposits will be deposited when received unless the key is anticipated to be returned by close of business the same day the key is given. Deposits deposited will be refunded within thirty (30) days after the key is returned. After the return of the key, an invoice will be issued for the amount of water taken and the key deposit will be deducted from the invoice. If the final invoice is not paid by the due date, late fees will apply.

I have read the above contract and agree to all the provisions specified.
